### COUNTY PLATFORM.

Resolved, That this Convention endorse the platform adopted by the Republican State Convention held at Reno on the 14th day of September, 1882.

Resolved, That the Republicans of Washoe county heartily endorse the nominees of the Republican State Convention, from Governor to State Printer, as honest, true and capable men.

Resolved, That the salary law of this State is, in our opinion, just and equitable, and a great benefit to the taxpayers of this county, and that it would be inexpedient to make any change therein.

Resolved, That the common schools of our county demand the fostering care of every good citizen. That their management should be placed in the hands of our best men, and that the different precincts of the county select such men for school officers.

Resolved, That the Republican party of Washoe county views with concern a bankrupt treasury, the general depreciation of values throughout the State and the uncertainty of the near future—realizing the necessity for immediate and practical legislation in the direction of stern retrenchment and a wise and prudent administration of county affairs, and that our candidates for legislative and county offices be solemnly pledged to use their best endeavor, to secure the needed legislation and desired economy in public affairs.

Resolved, That we recommend and heartily endorse the nomination of the Hon. C. G. Powning for Member of Congress and C. S. Frobie for Surveyor General.

Resolved, That we recall with pride the efforts of C. C. Powning in the Legislature of our State while acting as Senator from this county throughout the State and the uncertainty of the near future—realizing the necessity for immediate and practical legislation in the direction of stern retrenchment and a wise and prudent administration of county affairs, and that our candidates for legislative and county offices be solemnly pledged to use their best endeavor, to secure the needed legislation and desired economy in public affairs.

Resolved, That we have known him from boyhood to manhood in Reno, and that we have ever found him temperate, moral, industrious and honest.

Resolved, That we feel confident that our candidate for Surveyor General is deserving the confidence and support of the people. That he is competent to fill the duties of the important office to which he aspires, and a gentle man whom we take pleasure in recommending to the voters of Nevada.

## MISCELLANEOUS.

### REPUBLICAN STATE PLATFORM.

Resolved, That the honor and glory of the Republic, its continued peace, prosperity and progress will be the best served by the perpetuation and continued success of the Republican party. We declare our fidelity to its principles as expressed in the Chicago platform of 1880, and as further embodied in its great history from its organization to the present time.

Resolved, That in the tragic death of President Garfield our country has suffered a deplorable loss, and the Republican party mourns for one who consecrated a noble and heroic life to the vindication of its great purposes.

Resolved, That we have faith in the prudent and sagacious administration of President Arthur and believe it will result in promoting the best interests of the country.

Resolved, That the presence in our midst of a servile race of aliens, incapable of assimilation with our institutions, is a perpetual menace to all classes of society. The relief extended to our people by the passage of a law excluding the Chinese by a Republican Congress and approved by a Republican President, is a genuine cause of satisfaction. We are in favor of strenuously enforcing the provisions of said law, and we pledge the Republican party to labor now and hereafter to secure such further legislation as will permanently exclude the Chinese.

Resolved, That we recognize the paramount importance of maintaining unimpaired the free public school system of the State. We shall defend it against sectarian, political or other improper influences, and we favor such additional legislation as the condition and wants of the common schools of the State may require. As free institutions they should be conducted so as to satisfy poor and rich alike, and upon this principle we urge the adoption of some system by which this State shall furnish the text books at the lowest possible figure.

Resolved, That owing to the remote position of Nevada from the seaboard and the entire absence of navigable waters and competing lines of railroads to and from commercial centers, we demand from Congress such wholesome and effective legislation as will place our people on terms of equality in respect to transportation charges with communities specially favored by railroad monopolies.

Resolved, That we pledge the Republican party of Nevada to such a course of enlightened legislation as will extend to railroad and all other corporations doing business in this State the same protection and the same rights before the law as are accorded to individuals—no more and no less.

And further, that the Republican party favors and demands, at the hands of the State Legislature, legislation regulating and equalizing freights and fares on all railroads within this State.

Resolved, That we are in favor of the Government of the United States establishing a postal telegraph service, and operating the same in connection with the Postoffice Department.

Resolved, That the coinage of silver should be placed upon the same basis as that of gold, and we invoke early Congressional legislation to that end.

Resolved, That it is the duty of the Legislature to enact such laws as will result in the purification of the jury box and better promote the administration of justice.

Resolved, That it is the duty of the next Legislature to pass such laws as shall reduce the expenses of the State and county governments to the lowest possible limit consistent with the requirements of the public service.

Resolved, That the earnest attention of Congress and the State Legislature is directed to the subject of codifying the laws relating to the location and working of mineral lands to the end that legitimate prospecting and the development of our chief source of wealth may be best promoted.

Resolved, That the appropriation by a Republican Congress for the payment of pensions to invalid Union soldiers and to the veterans of the Mexican war, is the discharge of a debt of honor and law—a generous remembrance of our country's defenders in its supreme hour of peril.

Resolved, That in the judgment of this Convention the Legislature, when next convened, should make the necessary provisions for a convention to revise the entire constitution of this State. That in providing for such a convention, well guarded elections should be made, defining the number of delegates, their compensation, and fixing the date of its session. That we believe such a convention is a justly demanded by the urgent necessities of the times, and we urge the following course of action: First—To change the fundamental law so as to secure as nearly as may be equal and uniform taxation of all property subjected thereto. Second—To regulate and render equal and just to all the rates of postage and freight upon all railroads doing business in this State, to the end that our leading industries may be protected and not oppressed, built up and not overthrown and Third—To secure the removal of the expenses of the State to the minimum, the expenditure with all unnecessary offices and employees, rendering more speedily and economically the collection of public revenue, the execution of the law and the general administration of justice.

The Silver State, a Democratic paper, says Geo. Tuflly is the strongest as well as the heaviest candidate on the Republican ticket.

A Darlington young man sat beside his girl for just one hour, the other night, and during that time kissed her 96 times out of a possible 100. Four times she got in a hurry and kissed him.

Arabi Pasha demands a trial by Englishmen, saying he surrendered to them and that he would have escaped if he had known that he was to be tried by the Egyptians, from whom he expects no mercy.

Robert S. Lincoln appeared in the County Court at Springfield the other day, and gave bond in \$180,000 as the administrator of the estate of his mother. She had \$72,000 in Government bonds.

Superintendent Hallett's railroad town at the front of construction on the Northern Pacific, west Missoula, is said to be the largest city of the kind in the world. The population is about 10,000 people, nearly all railroad laborers.

Cassidy and Merrill are stumping in the eastern part of the State, and are gradually working this way. At Elko Carlin and Tescorora their meetings were slim affairs and their speeches failed to arouse any enthusiasm.

The Democratic State Central Committee will hold a meeting in Virginia to-day, and among other matters will fill the place made vacant by the withdrawal of G. H. Shephard. It is said that Jake Kline, of Carson, is to be the unlucky individual.

The Tucson Star announces that Indian Agent Tiffany has been guilty of the grossest frauds in connection with Apache affairs. He has cheated the poor red men, cheated the government, cheated everybody, in fact, whom he could possibly deceive. The Grand Jurors who investigated his case say that his official dishonesty exceeds anything of the kind ever known on the frontier.

The Republicans had a rousing meeting at Eureka Friday night. The meeting was addressed by Gov. Strotter, Ex-Congressman Wren, Judge Davenport, J. A. Stephens and others. The Leader says the meeting was a success in all respects, and the people dispersed with the conviction that the Republican standard bearers had been chosen with regard to their fitness for the positions for which they have been selected.

CONSOLING.

It is indeed pleasant and altogether consoling to learn, through the medium of the Associated Press, that the distinguished outlaw and murderer, Frank James, Esq., is a gentleman of quiet manner and unobtrusive in dress. Cheering news that; but the item in the dispatch most pregnant with big results is the fact that James converses in an ordinary tone of voice, has light blue eyes, and wears a sandy moustache.

OHIO POLITICS.

The election in Ohio will take place next Thursday. The battle has been an exciting one. Both parties have been, and are, still working hard, and the few remaining days before election will be lively. The Democrats have been unusually active, and have made a gallant fight. The election in some counties will probably be close, but the Republicans are confident they will elect a majority of the Congressmen.

WOMEN'S HAVE IT.

A rather strange circumstance occurred recently in Louisiana. Wm. Wackerle had an insurance on his life. He was reported killed on a Texas Railroad. His widow went to Texas to collect evidence of his death. She proved it, and obtained judgement against the insurance company. The corporation appealed to the Supreme Court of Louisiana, and pending the appeal the attorney of the company came to California in search of the man, said to have been killed, and took him back living, or one that they said was he. The widow denied that the Californian was her husband, but the Supreme Court thought otherwise and reversed the decision of the Court below; and now the widow sues an other company for another insurance on her husband's life, and this too, when a high Court has decided that her husband is still alive. It is curious that the Court should know better than the woman who her husband is, and either it has been imposed upon or she is blind or lies.

WOOD RIVER ITEMS.

It is understood at Ballion that before snow flies there will be 500 miners added to the working force on the mines. About 250 are employed there now.

The Warm Springs mines, 20 miles north of Halley, are ready to contract for wood sufficient to employ 250 wood-choppers until snow flies.

The number of men employed in the mines along Wood River is being increased almost daily. There are now over 500 men employed in the Sawtooth mines.

The Times says little excuse can be had for idle men on Wood River, as work of every description is to be had and most any can earn four dollars per day in the timber.

DAGGETT'S BOOK.

"Braxton's Bar; a tale of Pioneer days in California." R. M. Daggett's book, has at last appeared. The dedication reads: "To one whose girlhood songs were chanted to the minstrelsy of the pines casting their shadows dimly through these pages, and whose dreams by the golden water of the Yuba were realized in the land of deserts—to Mrs. John W. Mackay this story of Pioneer years in California is respectfully inscribed by the author."

IN EARNEST.

The woman suffrage campaign in Nebraska, has opened in dead earnest. The Board of Trade at Lincoln has tendered the free use of its rooms to the State Society's Campaign Committee for headquarters until the election in November. Speakers will stump the entire State, and immense efforts are being made to secure the adoption of the amendment.

Stephen's majority for Governor will be about 60,000 in Georgia. He has sent in his resignation as Congressman for the Eighth District. An election to fill the vacancy has been ordered for November 7. Gastrell, the defeated candidate for Governor, will contest the election, not with any hope of getting in, but to show alleged frauds and intimidation.

The Stock Report says Arabi Pasha will be convicted with ease because an Egyptian lawyer will take his case and he does not know enough to send to America for Bob Ingersoll.

BREVITIES

Bishop Whitaker left for San Francisco last night.  
J. S. McKenzie, Silver City, is stopping at the Lake House.  
Geo. H. Frazer, of Wadsworth, is stopping at the Lake House.  
Levy Ernst, the nominee for Surveyor-General on the Democratic ticket, is in town.  
It is said that Senator Sargent is trying to trade places with some member of President Arthur's Cabinet.  
Ben Bacon, the gentlemanly C. P. agent at Verdi, whom everybody knows, is happy, because this time it is a daughter.  
A splendid cluster diamond cross, worth \$500, price only \$175 at Uncle Harris, 221 Kearney Street San Francisco.

At the Pavilion last evening Miss Van Sickle was voted the handsomest dressed lady in the room, and was awarded the prize, a hat stand.

Uncle Johnny Borland, of Rye Patch, came in from the East last night in company with Frank Free, and returned home this morning.

There are many strangers in town yet. The saloons are full every night, and the noise and confusion reminds one of the days of '49.

J. O. C. Wheeler, of the C. P. R. R., has made arrangements with Eastern roads to bring 10,000 Knight Templars to this coast next season.

O. R. Lonkey, one of the most enterprising manufacturers of this State, and a prominent lumber merchant of Virginia City, is sequestering at the Lake House.

Six hundred and seventy-four of the seven hundred voters now registered in this precinct, are pledged to vote for Red-hoss Thompson for Road Supervisor.

Wells Drury, the celebrated Gold Hill News, Chronicle and Enterprise reporter—sheep-man, discoverer of unknown countries, and type, is sojourning in town and taking in the State Fair.

Capt. Griffin came in from the Antelope mine, yesterday. Everything at his mine is moving along smoothly. They had some difficulty in amalgamating at the start, but they are improving on it all the time.

The Nevada and Oregon train goes to the front this morning with a new passenger coach which was constructed at the company's shops in Reno. It is very conveniently arranged with end and side entrances, and the seats are as comfortable as ordinary coaches on any of the roads.

Last Friday night while returning home, Miss Mary Wall and her driver, Mr. George Hammond, met with a serious mishap, resulting in the wagon being overturned. Both of the occupants were fortunately not seriously injured, and were set to rights by a neighbor. The darkness of the night and the inequalities of the road caused the accident.

The very prettiest young ladies and the nimblest masculine toes, together with all ladies and gentlemen of Reno and elsewhere, desirous of finding an abundance of fun and enjoyment will find it to-night at the grand ball given by the ladies of the Catholic Church at Kimball's Hall. The tickets cost only one dollar, and five dollars' worth of amusement is assured. The prettiest ladies and most gentlemanly gentlemen will be found there, and if young Cupid doesn't dispense a score of his darts at the festivities Reno prophets will hereafter be at a discount. Old mother Winter, too, is rapidly approaching, and, as everybody knows, little Cupid is her dearest boy.

A Stiversid Mishap.

A. H. Allen, of Bridgeport, Mono county, Cal., met with a serious accident yesterday. In company with Mr. Honeywell, he was invited up the river to visit the ranch of George Andrews. When a short distance out the team took fright and threw both him and Honeywell out. The latter escaped without serious injury, while Mr. Allen was so seriously injured that he required the services of a physician. Mr. Honeywell himself, though, will require a week's time to recuperate in full shape.

A Horse Composition.

A R-no young lad, lately spanked by his mother, went to school and heard an away read by a fellow pupil, on quakers. The teacher described them as a sect who never quarreled, never got into a fight, never clawed each other and never swabed back. The boys composition unfortunately contained a postscript in these words "My New York Pa's a Quaker but my California Ma's not."

THE FAIR.

Programme at the Park Sunday and Monday—To-Day's Races.

The weather on Sunday was more pleasant than any day since the Fair began. The attendance at the track was large and the racing was very interesting. The first race was a two-mile and repeat trot. Three started: Carlisle, Hayward and Pilot. Carlisle won in two straight heats. Pilot was shut out on the first heat. The second race was a running, mile and repeat, between Overland Pat, Snuff Box and Earnest. This was most exciting from first to last. All three of the horses took a heat. One of the gentlemen who had backed Overland to a considerable amount, made a charge of jobbery and Pat's rider was changed, and Pat, with his new rider, took the heat and purse. The friends of Overland Pat made up a purse and gave it to his rider for winning the race. The next race was between Ballot Box, Jr. and Katie Keys, and was won by the former easily. The next was a three-in-five trot. Wm. Tell, Roanoke and Dutchman, were entered. Dutchman took the first heat in 2:40. Roanoke took the next two heats, when the race was postponed until.

MONDAY.

When the contest was continued, Dutchman came in ahead on the first heat, but was placed third for running. In the next heat Roanoke came in ahead, but Tell was given the heat because Roanoke's driver broke Tell by yelling. Tell won the last heat and race in 2:41. Joe Howell and Frank Rhodes ran in the mile and three-eighths dash, which Howell won in 2:26. In the mile dash for two-year-olds Fawn beat Baldy Green in 2:05. The last race was mile heats, three in five, for district horses—Slim Jim, General and Woodburn. Woodburn won the first heat, Slim Jim took the next two heats and race quite easily. In the

LADIES' TOURNAMENT

Monday morning Misses Finlayson and Clarke and Mrs. Galt took a turn around the track for \$20, in addition to the usual performance. Mrs. Galt taking the cake. All the ladies who participated in the tournament acquitted themselves in style. There was not a poor rider among them, and it puzzled outsiders to know how the judges were to decide. The first prize was awarded to Miss Smith, which was a tilting pitcher, given by the Society. The second prize was a jewel casket, and was awarded to Lexie Finlayson. The third, a handsome bridle, was won by Miss Andrews. The fourth, celluloid toilet set, awarded to Mrs. Jas. Ferguson. The fifth, a hat, won by Miss E. Clark. The sixth, a set of jewelry, won by Miss M. E. Clark.

TO-DAY'S RACES.

The first race on the programme today will be trotting, 2:50 class, for district horses. The entries are Queen, Mollie Burns, Douglas, General, Arnold and Wm. Crabb. Other races will follow.

A Warning to the Owners of Biting Dogs.

Yesterday afternoon, the dog of Matt Parrott was taken out and shot, by the parties whose child had been bitten. The dog was an exceptionally fine hunting animal and from all accounts, the biting in both instances was more result of a playful instinct, or injudicious training, than from any inherent viciousness. The dog was a fine one, but it was feared that if sent out on a ranch it would continue its propensity to bite people, and besides might escape and return to its former owner. Under circumstances of great reluctance to Mr. Parrott and to Mr. Perkins, the parent of the bitten child, the dog was taken out and shot beyond the limits of the town. This should be a warning to all owners of dogs, no matter how valuable, that they act by all means correct any propensity in the animals to bite. This, generally, in a home-raised dog, manifests itself in a disposition to snap. As the animal grows he bites, and the first thing the owner of a valuable dog knows his fine blooded animal has bitten somebody and must die—a victim to the want of proper training on the part of the owner. Let the masters of fine dogs exercise a little more judgment and caution.

Rumored Suicide in Tar Flat.

The whole of Tar Flat was convulsed with emotion yesterday over the news that one of the lady occupants of the flat had succumbed to the great destroyer by slitting her throat with a genteel razor. As pistols and poison are becoming too too for the suicidal fraternity, it was not wondered at that the razor had been employed. A thorough investigation of the rumor, however, showed that the throat-cutting was a fabrication. Coroner Dickens investigated the affair, accompanied by a JOURNAL reporter, and found the rumor to be destitute of a thorough foundation. It probably started from some one of the macabreans of Tar Flat attempting to tar his mistress' throat in two.

Sir Thomas Heath and family left

San Francisco last Friday for their home in England.

A Singular Coincident.

James Duffy, Sr., an old and respected citizen of Carson, died at his residence in that city, Friday night of ulceration of the stomach. Beside his wife the deceased has four daughters, the wife of ex-Congressman Woodburn, Mrs. T. L. Smith, of San Francisco, Mrs. H. Rice, and Josie Duffy, also three sons, George James and Edward. In connection with the death of Mr. Duffy the Carson Appeal relates the following curious circumstances which is vouched for by Hon. William Woodburn and one of the watchers sent by the Odd Fellows to sit up with the sick man. At five minutes of 11 the two men left the sick room and went into the parlor. The doctors said that the patient was not likely to live until 11 o'clock, as the pointer neared the hour the two watchers had their eyes fixed on the clock, and just as they expected it to strike, the pendulum began to weaken and suddenly stopped at one minute of 11. At that moment Mr. Duffy breathed his last. The clock was a large eight day clock of superior workmanship, had been several years in the house and never out of order.

The New Shooting Range.

According to a number of local shot sharps, the proposed change in location of the Reno Guard's shooting range will be highly beneficial; and will evidence itself in the superior shooting of the company. As at present situated the company have a very nice 200 yard range though the objection is urged against it that a water slough has to be fired over, causing many inconveniences. The new grounds which have already been looked over and picked out, are situated in the neighborhood of Bragg's lumber yard. The locality affords a fine opportunity for both a 200-yard and an especially fine 500-yard target range. The vicinity of the targets is perfectly safe and before long the Guards will be able to practice so that they can beat the record and scores of any rifle team in the State. So be it.

A New N. & O. R. R. Depot.

For a long time the N. & O. R. R. Company have felt the want of a ticket and freight office and depot somewhere in the vicinity of the C. P. R. R. depot. To cover the necessity the authorities of the road have begun the construction of a very convenient series of improvements to the north of Chamberlain's Hotel. A ticket office has been erected; a substantial freight platform has been laid down and a permanent passenger crossing laid down. All these improvements are made in the most workmanlike manner, and before long it is expected that a much larger depot will be erected by the N. & O. Co. Their business is now assuming a paying basis, and not a day passes that they do not need increased freight store room and ticket and passenger office facilities.

A Narrow Escape.

Saturday evening shortly after the alarm of fire had been sounded, a man on horseback rushed furiously up Commercial Row, and just at the corner of Virginia street, ran over the son of Mr. Rice, the milkman. Fortunately the horse had more sense than his rider and the animal straddled the boy's prostrate body in such a way that the latter escaped serious injury. As it was his clothing was badly torn and one of his hands had part of the flesh torn off. The vagrant rider disappeared in the darkness, and as his identity was not discovered it is doubtful whether he can be arrested.

An accident to Lindsay Jr.

Bob Lindsay Jr., the pride of his daddy's eyes and mother's heart, met with a rather severe accident day before yesterday, resulting in a partial dislocation of the arm. Bob Jr., states that the accident was caused by dancing the boy around, but knowing ones declare that the mishap came about while Bob was teaching his offspring the way to become a future demagogue, a good speaker like himself—while gesturing little Bobbie injured his wrist. Mr. Lindsay dressed the hand in quite an artistic manner and was rewarded by the remark "Oo is a dood dookie, Daddie."

Dignity Afloat.

The Pullman car, Isaac Walton, passed Reno Saturday night, containing R. L. Belknap, Treasurer of the Northern Pacific Railway, and wife; James B. Williams, assistant to the President of the same road; Samuel Bowles, editor of the Springfield Republican; J. B. Rucker and Miss Webb, of New York. The party are en route to Portland, Oregon, from whence they will take an excursion over the Northern Pacific Railroad to the end of the track.

Close of the Registry List.

On the 20th of this present month the opportunity for registering on the register books will close. It must be remembered that a special registration must be made every year in which an election occurs. As a two-year registry will not suffice, each voter must therefore see that his name is entered on the registry book for 1932.
